

# Video Surveillance Policy for BGC Laredo

## USE OF VIDEO SURVEILLANCE

The Boys & Girls Clubs of **Laredo** recognizes that maintaining the safety and security of Club members, staff, volunteers, and Club property is best implemented with a multifaceted approach. Modern technology, including video surveillance, can provide tools to maintain safety and security. While video surveillance does not replace appropriate supervision by Club personnel, it can provide an additional layer of protection.

Video surveillance, without or without audio recording capabilities, may be utilized in and around the Club facility, on Club property, and on Club transportation vehicles. Video surveillance shall be in accordance with all applicable laws pertaining to such use.

## PLACEMENT AND NOTIFICATION

Video surveillance equipment may be installed in and around Club facilities, property, and vehicles. The system **provides constant monitoring 24/7 (is activated and records when motion is detected).**

Video surveillance equipment **will not be** used or installed in areas where Club Members, staff, and parents/guardians have a reasonable expectation of privacy, such as locker rooms and restrooms.

Video surveillance equipment may always be in operation, whether the Club is operational and whether the facilities or buildings are in use at all. The Club will determine the operation schedule of any video surveillance equipment in its discretion.

Video monitors shall not be in an area that enables public viewing.

The Club shall notify Club members, parents/guardians, staff, and the public that video surveillance systems are present by signs prominently displayed in appropriate locations throughout the facilities and grounds and provide any other notification or consent as required by applicable law.

## ACCESS TO VIDEO IMAGES

The use of video surveillance equipment on Club grounds shall be supervised and controlled by the CEO and Club Site Directors. The actual recording equipment will be maintained in an area or room that is locked and secure to only be accessed by authorized personnel. Live video monitoring may randomly occur as needed.

Video data is recorded and stored digitally. Video recording data is considered confidential and secure. Access to live and video recorded data is **strictly limited** to the following authorized full-time Boys & Girls Club personnel: **CEO, Club Site Directors, Unit Directors**. These authorized personnel are trained on the video surveillance policy and how video data should be used during any official investigation.

Video recording data may be used as evidence that a Club member, parent/guardian, staff member, volunteer, or other person has engaged in behavior that violates state or local law, policies, and/or Club rules. Video footage is subject to production by a valid subpoena or other court order.

## UNAUTHORIZED ACCESS AND/OR DISCLOSURE

Confidentiality and privacy concerns limit the general public, including parents and relatives of Club members, from viewing video recording footage and/or data involving Club members, staff, and volunteers. Only the authorized personnel provided above can view and/or export video recording data. No unauthorized recordings are permitted of video recording data through cell phones, portable devices, or any other means. Any Club personnel who become aware of unauthorized disclosure of video recording data from the Club and/or a potential privacy breach must immediately inform the CEO.

Club personnel and volunteers are prohibited from unauthorized use of, tampering with or otherwise interfering with video surveillance equipment. Violations will be subject to disciplinary action that may include, but are not limited to, written reprimand, suspension, demotion, or termination of employment.

Video recording data will remain the property of the Boys & Girls Clubs of **Laredo** and may be reproduced only in accordance with applicable law and board policy.

## RETENTION OF DIGITAL IMAGES

Video recording data shall be kept for **approximately 30 days** except for appropriate still shots or selected portions of the recorded data relating to any incidents under investigation by authorities. The latter shall be retained for one year after the incident or until such time as any legal matters pertaining to the recordings have been resolved. The stored media shall be kept on a secured computer.

In situations involving banned parents/guardians, former employers or volunteers, or visitors, stored still images may be shared with Club personnel and appropriate officials.

## CLUB MEMBER PRIVACY

Video recording data will not to be used directly or indirectly to identify the activities of individual Club members except as viewed in relation to a specific event or suspected criminal activity; suspected violation of Club policy or rules; incidents where there is reasonable basis to believe a claim may be made against the Club for civil liability; or if otherwise compelled by law.

Authorized Club personnel may use a still shot or selected portions of recorded data to request law enforcement review for assessing the security risk of a specific individual or for investigating a potential crime on Club property. A copy of this policy will be shared with any Club member, parent/guardian, or staff member upon request.
